Harvest 2012

## Restaurant News

• [Red Newt Bistro](#) earned an Award of Excellence for their outstanding wine program from Wine Spectator magazine in the August 31 issue.

## Industry Updates

### California

If California wineries crush 4.1 million tons of grapes this fall as expected, it could make this year's harvest the largest since 2009, according to industry experts.

The U.S. Department of Agriculture last week forecast wine-grape production at 3.7 million tons, up 9 percent from the 2011 crop.

Estimates with about 300,000 tons of raisin-variety grapes and 100,000 tons of table grapes also going into winery tanks, the total crush could reach 4.1 million tons.

**Wine Tips & Tidbits:** With fall harvest around the corner and menu items changing to reflect that, [Hermann Wiemer Dry Gewurztraminer 2011](#) is the perfect pairing. A vivid flowery bouquet with hints of peach and spice masterfully prepare the way for a silky mouthful of melon and a touch of coriander.
